In advocating the selection of Kansas City as the meeting place of the Southern Presbyterians, Judge W. H. Wailace, of that place, declared that the city is one of the most immoral in the country. He added that the city needs an assembly to arouse the people to a fuller realization of what is happening in religious circles, and predicted that great good would result from the meetings.

Other places in the contest for the pert assembly were Waco, Tex., Newport News, Va., and Rock Hill, S. C.

Newcastie is Selected.

Commissioners from Monmouth and Xenia, Ohio, strongly urged the selection of those cities as the meeting place of the united Presbyterian as-

assembly.

A feature of to-day's session of the Northern Assembly was the spirited reply of Dr. Charles L. Thompson, New York, secretary of the home missions board, to criticisms of the board's administrative policies and methods. He denied that the board had done work other than that specifically directed by the general assembly and accused the Western Presbyteries of Ingratitude, as much of the fact that by flying to-day after having taken a dive in a submarine boat at Norfolk, recently he had gone down and up with the navy.

OFFICIALS ADMIT GRATIFICATION

While Japan Seems to Be in More Gracious Mood, Every Effort Is Being Made on This Side to Prevent Anything Which Would Wound Feelings of Nipponese.

Washington, May 21 .- Reassuring dvices reached the State Department from Japan late to-day, indicating that the American reply to the protest against the California land law was received in good spirit by the Tokyo government, and that the situation had taken on a much more favorable appearance than at any time since negotiations began. Officials here admitted their satisfaction over the turn of

vents.
The dispatches related also that the The dispatches related also that the Japanese government realized fully the difficulties under which the Washington administration had labored in handling this situation, understanding the dual system of government in the United States, and the powers of legislation held by California.

To-day's advices were of a preliminary character and made no prediction of ensuing steps, but in general they reflected a favorable view in Tokyo of the American note replying to Japan's protest.

Soothes Japan's Feelings.

President Wilson, who had no small art in the writing of the note, is said part in the writing of the note, is said to have described in most complimentary terms what he believed to be the real feeling of the majority of the American people toward Japan. The communication, it is said, pointed to California, and only a part of California, too, as having given evidence of a discriminatory disposition, and insisted that the United States as a whole admired the progress that Japan had made in the last half century, respected the achievements of the Japanese people, and was sincerely anxious to
